

Public Speaking.

John M. Langston, Inspector of Freedmen's Schools, will address the Freedmen of Jackson and vicinity, on the subject of education, on Thursday evening, (to-day,) at 4 o'clock, on the Public Square, between the Governor's Mansion and the Churches. The whole people are invited to attend.

The County Court, Judge R. N. Hall presiding, has been in session at the City Hall, since Tuesday morning.

FINE TEA.—We are indebted to Mr. A. Vinton for a liberal sample of the choicest article of green tea that it has been our good fortune to use in a long time. He has a large chest of the same sort.

HOGS IN LEGISLATION.—Owing to the prospective scarcity of bacon, Congress is about passing a law directing Military Commanders to forbid the impounding and consequent starvation of hogs in the rebel States.

Our commercial quotations from New York and Cincinnati, show a material advance in the price of bacon—consequently, we suppose, upon the anti-hog ordinance adopted by the Board of Mayor and Aldermen of the city of Jackson.

It is estimated that there are twenty thousand pounds of bacon annually made within our corporate limits. If the hogs are to be impounded, there will not be one-fourth that amount, and it will cost that one-fourth to keep up the pound.

Several hogs, emboldened by the paragraph in their defence which appeared in our columns yesterday, have dared to make their appearance in public. We suppose they have heard, also, that the city Marshal hasn't got his "pound" ready yet.

GOOD SUGGESTION.—A worthy member of the Board of Aldermen, who is friendly to the cause of the hog, suggested that inasmuch as the water-melon season is approaching, that people should be compelled to eat the rinds of this juicy vegetable, instead of throwing them to the hogs, as heretofore.

THE FAMILY OF JUAREZ.—The wife of Juarez, and twelve others of the family and connexion, passed through Jackson for New Orleans, on Monday last, en route for Mexico. They have been residing North, awaiting the issue of events in Mexico.

CHOICE MILLINERY AT COST.—Mrs. Evans requests us to inform the ladies of Jackson and vicinity, that, with a view to making arrangements for the fall trade, she will dispose of her present new, choice and fashionable millinery at less than actual cost. Ladies who have yet purchases to make for the summer season, would do well to call on Mrs. Evans without delay.

L. HAMPEL, Professor of music at Mount Herman Female Institute, near Clinton, proposes to take a class, during the vacation of the Institute of fifteen pupils, on the piano and in vocal music, in Jackson. If the class is made up by the 12th of July he will commence on the 14th. Parties who desire to enter will leave their names at an early day with Mr. J. S. Barfield or at Erich Co's.

RICHARDSON & MAY.—This is the style of a new Commission House established in New Orleans on the 1st inst. Mr. E. Richardson, of the firm, (late of Thornhill & Richardson) is well known in this section, as a gentleman of ample means, and fine business capacity to conduct successfully the Cotton Factorage and General Commission business. Mr. H. May, (late Stevens & May,) is also a gentleman with whom our planters and merchants will find it a pleasure to have dealings. They solicit the patronage of their old friends, and we have no doubt they will have many new ones added to their list.

PROCEEDINGS IN BANKRUPTCY.—The Rules, Orders and Forms, can be had on application at this office. The pamphlet is 128 pages in extent, or 48 pages more than any other edition. Being printed from the stereotype plates received from the Government Printing office at Washington, it is therefore correct and correct. For the convenience of parties ordering this work from a distance, we have concluded to reduce the price to one dollar per copy.

The blanks for Petition of Debtor we can furnish by fifth inst; and by the 15th all the other blanks used in the several stages in bankruptcy.

SOME OF OUR CORRESPONDENTS seem to think that the times are more depressed, like the late of Jericho, upon the amount of noise made—in these days of refinement and luxury, an article of real intrinsic merit is soon appreciated; hence the unbounded and unparalleled success of PLANTATION BITTERS.

This remedy has ever and always been found reliable. As a gentle stimulant and tonic, it cannot be excelled. It is no doubt a sovereign remedy for stomachic disorders—Dyspepsia, Liver Complaint, and in stimulating a healthy appetite.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price.

We have not yet seen a single member of the Board of Aldermen who voted for the anti-hog ordinance, and we have heard it said that the honorable member from the South ward who introduced it, intended to make a raid on dogs instead of hogs. Thus it appears that mistakes will happen, even in so well regulated a municipal family as our Board of Mayor and Aldermen.

Death to Hogs!

After being impounded three days—

A yellow girl in Lynchburg, Virginia, has three times tried to kill herself. She is made, helplessly in, with a Yankee major recently stationed there.

UNION FEMALE COLLEGE.

This institution of learning is located at Oxford, in this State, and is now one of the most flourishing of the many excellent Female Colleges we have in Mississippi. It was chartered by the Legislature in 1854, and has for a number of years, been under the Presidency of Rev. C. H. Bell,—than whom few are better adapted or more competent as an instructor or guardian of young ladies. The College building is very large and commodious, and though very accessible, its location is nevertheless retired and noted as healthy. Mr. Bell is assisted by a very competent Faculty. The boarding department is under the care of Rev. Mr. McMahen and lady. The tuition, the food, and all the facilities and comforts for acquiring a finished education, well surrounded with home-like influences, can be found at the Union Female College; and, one item that parents in these hard times, will be especially interested in, the terms are very reasonable. For particulars, see advertisement in another column, or send to Mr. Bell for a catalogue.

The Israelites of the Western States contemplate establishing an asylum for orphans and widows. At St. Louis they have petitioned the Council of that city to grant them two or three acres of land for that purpose.

There was one death from yellow fever in Mobile on Saturday last.

The Mexican Republican Government of Juarez, being a government recognized by ours, the Virginia which carried Santa Anna into Sinal being a private vessel, and being within the line of the territorial jurisdiction of Mexico, and he being a rebel enemy of that government, which is shown by his intention at Vera Cruz, we suppose it cannot be denied that the Mexican commander had a legal right to take him.

SPECIAL NOTICES.

PLEBOTOBY.

When Dr. Sangrado found his patients weak he gave them water gruel. When they got weaker he bled them and dosed them with calomel and jalap. Still his patients were almost invariably died. A good many people are killed that way yet. The world in general, however, has found out that, in cases of debility and premature decay, HOSTETTER'S STOMACH BITTERS, is the true life sustaining cordial. This tonic is a powerful and perfectly harmless restorative. But it does more than invigorate. It regulates and purifies. While it builds up the strength and infuses vitality into the blood, it brings all the secretions into harmony with the laws of health. The feeblest sex find it invaluable in the various physical difficulties to which their organization renders them subject. In all hysterical and hypochondriacal cases its effect is magical. The infirmities of age are alleviated by its use; and where the circulation is torpid, and there is a tendency to early sea, HOSTETTER'S BITTERS are recommended as a means of reinvigorating the system and prolonging life.

At this season of the year, particularly, when mid-summer's scorching heat does so much towards reducing the vital energies of the body, this inestimable tonic and stomachic produces a wonderful effect. By its use the strength is increased, the appetite preserved, and firmness and elasticity given to the system.

To Cotton Planters and Buyers. SHIPPERS of Cotton from this point to any other point in the United States, may learn something greatly to their advantage by calling on the undersigned at the office of Manlove & Hobart. C. A. ANLOWE, Vicksburg.

June 10, 1867. 11am

Go's Cough Balsam will invariably cure the most deeply seated Cough or Cold, no instance of failure has ever been heard of. COG'S CURE, the great remedy for all diseases of the "throat."

Physicians endorse and use it. It cures Hoarseness, Dizziness, Heartburn, Bad Breath, Cholera Morbus and other diseases too numerous to mention.

LYON'S FRENCH PERIODICAL DROPS, the Great Female Remedy, for all irregularities, although so powerful and positive they are perfectly harmless, and may be used at all times not specially forbidden in the directions.

POLAND'S MAGIC BILIOUS POWDERS, a most wonderful cure for Biliousness, Fever and Ague. The cheapest remedy of the kind sold. Price only 50 cts. Sold in Jackson by

BUCK & BAILEY, BARNES, WARD & CO., New Orleans, La., General Agents. may 3-ly.

The Most Perfect Iron Tonic. HEGEMAN'S FERRUGINOUS BARK, containing the active principles of Calceola Bark with Pyrophosphate of Iron, making a mild and efficacious tonic for invalids, or persons who are weak, nervous, or suffering from the effects of loss of blood, or from Dyspepsia, Liver Complaint, and in stimulating a healthy appetite.

This remedy has ever and always been found reliable. As a gentle stimulant and tonic, it cannot be excelled. It is no doubt a sovereign remedy for stomachic disorders—Dyspepsia, Liver Complaint, and in stimulating a healthy appetite.

CONSUMPTION, SCROFULA.

REMEMBER, HEGEMAN'S GREAT COD LIVER OIL—Our oil has it of the best of 20 years, and 4 thousands of patients attribute their recovery to its use. It is warranted pure. HEGEMAN & CO., Chemists & Druggists, New York. June 14-67 6m

IMPORTANT TO BANKERS AND MERCHANTS.

LAWYERS.

This Company offer for the consideration of Bankers, Merchants, and those desiring the best burglar proof security, the following certificates:

OFFICE OF THE NOVELTY IRON WORKS, NEW YORK, December, 1866.

Messrs. LEWIS LILLIE & SON:

Gentlemen: We have subjected the sample of double-chilled iron furnished us by you, to the most severe tests, (as regards drilling through it,) we could bring to bear upon it, and without success.

It is our opinion that it can be only penetrated by the use of a large number of drills, and the expenditure of much power with days of time, and we think it impossible for a burglar with his time and power to penetrate it at all.

Yours truly, ISAAC V. HOLMES, Superintendent. LYMAN G. HALL, Foreman.

HINKLEY AND WILLIAMS WORKS, BOSTON, Mass., January 22, 1867.

We have made an attempt to drill a sample of double-chilled iron furnished us by Messrs. Lillie & Son, and failed to penetrate it more than five-eighths (5/8) of an inch, after much of labor, and we can endorse the above Novelty Iron Works' certificate in all particulars.

JARVIS WILLIAMS, Treasurer. PHILADELPHIA, Pa. Feb. 25, 1867.

Messrs. LEWIS LILLIE & SON:

Gentlemen: We have tried a sample of double-chilled iron similar to that sent to the Novelty Iron Works, and our experience with it is about the same, viz: that it can only be penetrated by a long continued operation of the most skillful mechanics and the best tools.

Very truly, W. H. BECHTOLD, W. H. STRAHAN.

Foremen in Messrs. Merriam & Sons', Southworth Foundry, Philadelphia, Pa.

OFFICE UNION FOUNDRY WORKS, CHICAGO, ILL., March 15th, 1867.
